

MONOist / EE Times Japan / EDN Japan Special (Advertorial content)

Technical editor who regularly writes for MONOist or EETimes/EDN Japan will interview and write the advertorial. It is possible to develop it as convincing contents based on your needs and requests, and therefore it is suitable for top interview, introduction example, exhibition report or product promotion. The advertorial contents can deliver the strong messages to engineers in e.g. Embedded Development, Automotive and Electronics industries.
