

Mission: Robot of Everything

"To create a joyful and convenient lifestyle by the accelerated movements of people and goods."

ZMP Value

Life Robot Brothers

Autonomous Driving robots closely related our daily lives
-Walking speed and autonomous driving 3 brothers' robots-

Walking speed mobility
RakuRo®

Delivery robot
DeliRo®

Patrol robot
PATORO®

Cleaning robot
VacuuRo™

CarriRo® Creation

Robots & services to provide convenient movements of goods

Currently introduced into logistics, factory and construction sites in over 250 companies

Cart type,
CarriRo® FD AD

Pallet conveyance
CarriRo® AD+

Unmanned Forklift,
Walkie type

CarriRo® Fork
Reach type

Unmanned tractor,
CarriRo® Tractor
2.5T

CarriRo® Tractor
25T

Robolution

RoboCar®

1. Sales of vehicles for AD
2. Sales of camera and sensors

For AD use, RoboCar® series & sensors like stereo cameras

RoboCar® 1/10

RoboCar® SUV

RoboVision®3

Driving data acquisition
service, RoboTest®

Customized
Robo Data Logger

Data analysis,
Robo Data Platform

RoboTest®

Driving service & services of data acquisition and analysis

ROBO-HI®

Robot management system

An integrated management system that realises optimal robot operation
by linking robots, IoT, equipment, IT system etc.

Building management

Logistics management

Admin management

Milestones

Our core businesses are in the field of robotics, Autonomous Driving and Autonomous Moving technology.
We deal with a wide range of products and services including autonomous taxi, logistics support robot, low speed autonomous robots, etc.

New lifestyle solution by Robot technology nuvo® release

2001

Entries into AD vehicle field One-tenth size of actual vehicle, RoboCar® 1/10 release

2007

AD development platform, RoboCar® HV release

2010

Mass production of logistics support robot, CarriRo® release

2014

Japan's first delivery robot, DeliRo® experiment

2017

AD mobility RakuRo® release

2019

World's first MaaS experiment using airport bus, AD taxi, RakuRo® Airport ~ Marunouchi

2019

AD, unmanned patrol robot, PATORO® release

2019

With Japan Post, Japan's first trial on public roads by DeliRo®

2020

Unmanned cleaning Robot VacuuRo™ release

2021

2004

2009

2012

2016

2018

2020

ZMP foundation as a robotics venture firm Bipedal walking robot PINO® release

Develop autonomous moving technology Music robot, miuro® release

AD development platform, Single seater EV RoboCar® MV release

AD test on public roads in Aichi, With a driver who is seating

Japan's first remote AD system test on public roads, Unmanned RoboCar® Mini Van

World's first AD taxi service trial on public roads in Tokyo

Trial at airport restricted area, RoboCar® Mini EV Bus

Unmanned logistics support forklift, CarriRo® Fork release

25T Unmanned tractor, CarriRo® Tractor release

RakuRo®, sharing service since Oct. In Tsukuda and Tsukishima in Tokyo

Japan's first autonomous delivery test from multiple shops

Trade mark

ZMP Inc.

Established

January 30, 2001

CEO

Eko Hisashi Taniguchi

Capital

445,950,000JPY

Test course

NATS (Nihon Automobile Collage in Narita)

Affiliated company

[Japan] Aerosense Inc. : With Sony Corporation (Providing industrial automation solution combining UAVs with cloud data)
AIRO Inc. : With Marubeni Corporation (AD service within airport restricted area)
ZEG : With Hearts United Group
[Korea] ANRO Co., Ltd. : With T-ROBOTICS Co., Ltd. (Business development in Korea)
[Vietnam] ZMP Vietnam : (Technology development cooperation)
