Date	Aug. 26(Mon.),2024 – Sep. 2(Mon.),2024	Announcement media	 ITmedia Executive  ITmedia Enterprise 
Order deadline	Jun. 14(Fri),2024	Operation	ITmedia seminar operation office
Style	Collective online seminar		

Please note that the contents of this event may be changed or the event may be cancelled without prior notice.
Please understand this in advance. If you have any questions, please contact our sales representatives.

SECTIONS

1 Cyber security risks and management

In the "new normal" of With Corona, which can be said to be predicated on digital, cybersecurity risks are higher than ever, and cyber incidents are increasing rapidly. How should we manage this risk we face?

2-1 Zero Trust security

With "Zero Trust" as the keyword, effective products will be introduced during the review/implementation phase, while security experts will introduce defense points and attackers' perspectives during the transition phase, revealing the secrets of successful implementation of Zero Trust in organizations.

2-2 Attack surface management

It is no longer possible to protect an organization only with internal/external divisions. To stop an attack, it is necessary to assume that the attacker has already reached the company. We will consider how to manage the spreading attack surface and how to detect and stop the attacker's actions.

2-3 ID management and control starting with multi-factor authentication

Along with authentication technologies such as "multi-factor authentication," "FIDO 2.0," and "passkey," which do not rely on memory alone, we will consider identity management/control, which has tended to be overlooked until now.

3 Cloud security

By learning about the cloud and the products that protect your systems, you will gain the knowledge you need to implement cloud-related security without over- or under-practicing, helping you get closer to where you want to be.

4 Endpoint measures and information management

Know the solutions to prevent cybercriminals from entering your system as much as possible, have a mechanism to detect and stop their actions even if they slip through, and have the technology to manage and protect the information your organization has.

5 Resilience against ransomware

We will deliver know-how useful for strengthening cyber resilience, including proactive measures to counter ransomware attacks, initial response and containment in the event of an intrusion, and "exit measures" such as backup and restoration.

6-1 Security operations (Automation) **New!**

We propose various "automation" methods in operations to companies that are suffering from a shortage of human resources.

6-2 Security operations (Managed Services) **New!**

Simply "throwing security" to a managed security service does not maximize its effectiveness. This zone will provide you with information on how to "rely on them", including how to distinguish between the parts you should leave to them and the parts you should implement on your own.

TIME TABLE

Session times
 Morning session
 Keynote session : 40min.
 Sponsored session : 30min.
 Discussion : 60min.

*The number of registrants is an estimate.

*For Sections 2 and 6, the number of applicants for Sections 2 and 6 may be less than 350, especially since these sections have fewer sponsored sessions than the other sections.

SCHEDULE

Order deadline

Jun.14(Fri.), 2024

Please inform our sales representative of your intention to exhibit. We will send you a purchase order form. **Please sign it with DocuSign and return it to us.**

Preparation of public notice

Please submit the session registration form to the event office along with the information of the speaker, title of the session, and your company logo data, which is also relevant to the event notice.

Event notice start

Late Jul., 2024

The event office opens an event notice website to attract visitors. At the same time, we start pre-registration for those who wish to attend the event.

Event preparation

In preparation for the event, please submit handouts, session survey questions for the audience, and lecture data in the case of on-demand session to the event office.(about 2 weeks before the event)

We also send you the reporting site information at least 2 business days prior to the event.

Event period

Aug. 26 (Mon.),2024 – Sep. 2 (Mon.),2024

If you wish to give a live presentation at the event, please arrive at our studio reception by the time announced by the event office.

Report

A list of registrants is to be provided within 3 to 5 business days after the event.

Archived sessions can be accessed for 1-2 weeks after the event. (Tentative)

Event report will be provided separately by a sales representative after tabulation.

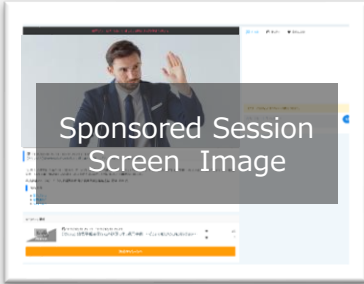

SPONSORED MENU

Sponsored session

Sponsor session slots are available to promote your company's products and services!

Functions: Session Questionnaire, Session Introduction, Question Submission Form, Document DL, Related Links

Leads (All registrants)

You will receive a list of business card information for all applicants who have applied for the event.

Information provided : Name, company name, department, title, address, phone number, email address, industry, job title, position class, employee size, involvement, etc.

Delivery date : It can be delivered in Excel within 3-5 business days after the event

Leads (Section registrants)

The lead information of a part of registrants, including company name, department name, title, telephone number and e-mail address, is provided.

Only registrants who applied to a Section.

Session report site

Session report is provided. Business card information such as "company name," "department name," "job title," "phone number," and "e-mail address" of session viewers can be downloaded.

Session Questionnaire

You can conduct your own survey during your company's session slot.

- *You can freely combine single responses, multiple responses, and free responses.
- *When you click the "Survey" button, a pop-up window will appear.

Registrant survey

When viewers pre-register, they will also submit their position on product selection and the issues they are facing (BANT information).

- * Questions will be set by ITmedia. They cannot be set individually.

Sponsored logo

Your name and logo are posted on the registration page.

Document/Material

Materials can be distributed to the audience during your company's session.

- Number of items to be distributed: Presentation materials + up to 3 items
- *In addition to sending PDF data as a download link, we can provide an external link to your company's website

Event report

ITmedia will conduct a questionnaire survey of general visitors, and the results will be provided as a report of the event after the exhibition.

- *This information is provided in the form of aggregate data that does not include personal information.

Please note that the contents of this event may be changed or the event may be cancelled without prior notice. Please understand this in advance. If you have any questions, please contact our sales representatives.

SPONSORED MENU

Dedicated zone

Special offer for one company only.

Sponsor sessions will be held in a dedicated zone. Our editorial team will listen to the message that your company wants to convey, and will then outline the entire zone, suggest potential guest session candidates, and plan the outline of their speeches to appeal to an audience that is highly interested in your company's theme.

Panel discussion

<Theme 1: For enterprise companies>

Are you aware of the intrusion in the first place? If you detect it, if you are threatened, what do you do then? Real-world solutions for incident response that enterprise companies should know. (tentative)

(Actual situation of readers, description of systems and means to promptly detect and respond, realistic countermeasures considering cost/skills, etc.)

<Theme 2: For SMEs>

That incident/accident is not a stranger.

What to do in 2023! How to draw up a security journey without getting involved in threats. (tentative)

(Review the reality of the readers, the basic content and the minimum that needs to be done.)

Special offer for 4 companies only.

We will arrange a panel discussion between two sponsors, the ITmedia editorial team, and a guest lecturer. The editorial team will select hot topics to promote the sponsors' products and services.

▼Details

Number of companies: First 2 companies per theme (※The discussion will be held only when 2 companies sponsor the event. If only 1 company is involved, the event will not be held.)

Session time: 60 minutes

Panelists: 4 (2 sponsors, 1 moderator from ITmedia's editorial team, 1 guest)

Number of pre-registrants: Estimated 250

Note: Pre-recording is assumed.

Please note that the contents of this event may be changed or the event may be cancelled without prior notice. Please understand this in advance. If you have any questions, please contact our sales representatives.

OPTIONS

Generated leads with responses of pre-questionnaire

By linking lead information with pre-questionnaire response information, interest and sense of issues can be visualized more deeply, making it easier to follow up!

We will add the responses of the pre-questionnaire to the lead information provided in accordance with the plan you have applied for.
 ※Some leads will be delivered with response information, while others will not.

Normal lead information

Pre-questionnaire response information

■ Delivery date

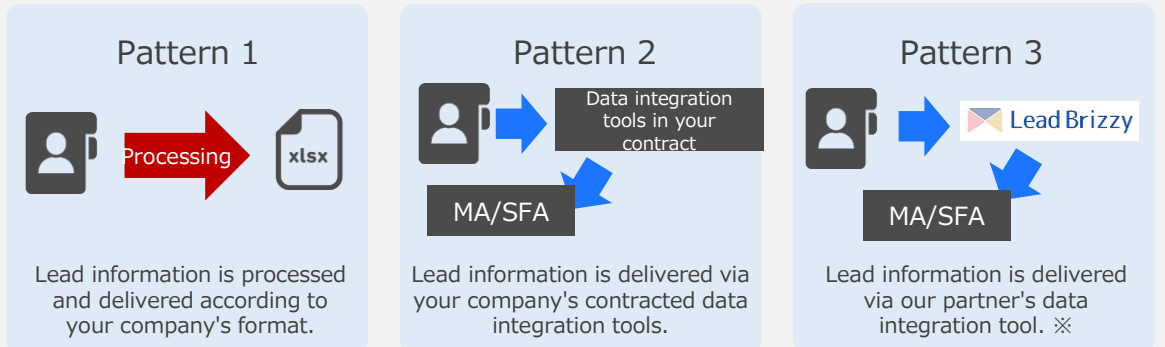

Lead information: 3-5 business days after the closing date of the seminar
 Response information: Delivered 2-3 weeks after the closing date of the seminar
 ※The response information delivery time varies depending on the event.

JPY 200,000

Lead custom delivery service

We will deliver the leads obtained at the event directly to your MA tool or process and deliver them according to your company's format!

■ Delivery image

■ Remarks

Please contact us for supported integration tools.

※ If Lead Brizzy initial setup is performed on behalf of the client, an optional fee of JPY 50,000 per project will be charged.

■ Delivery date

6-8 business days after closing the seminar.

※Delivery date varies depending on the event.

500 leads or less **JPY 100,000**

500- 1,000 leads **JPY 150,000**

1,000+ leads **JPY 200,000**

3,000+ leads **JPY 300,000**

※Images are for reference only. ※Option only cannot be applied (all prices are gross and do not include tax).

OPTIONS

Session mp4 recording data provision

When you apply for a plan with a session and you take live speaking at the event, we will provide the recording data of your LIVE session in mp4 format.
※No data editing, the data will be as it was at the time of streaming.

JPY 50,000

Behavior targeting advertorial

Attract readers with high "interests and concerns" to your company's advertorial based on their article reading history. By linking readers' behavioral data to external services for extended distribution, you can extend your reach by capturing people with the same "interests and concerns" even if they have never visited ITmedia.

※This menu summarizes the main points of live/on-demand webinars. No separate interviews will be conducted.

Details <https://go.itmedia.co.jp/l/291242/2022-09-09/2bjcm9g>

~~JPY 1,700,000~~ →

JPY 1,500,000

Lead generation using session video

Reuse your seminar videos and related product materials on TechTarget Japan/Keyman's Net. We will use your prepared content as is, allowing you to continue lead generation after the seminar with guaranteed attributes and lead counts.

Details : <http://go.itmedia.co.jp/l/291242/2022-09-02/2bfy1tr>

JPY 300,000 or more

Follow-up seminar

Our editorial team will design a plan that matches your company's appeal and the interests of registrants, and ITmedia will support you in attracting and distributing the video. We can also record panel discussions and 30-minute session videos, and provide professional equipment and recording venues for easy video production.

Details : <http://go.itmedia.co.jp/l/291242/2022-01-30/281s4xh>

~~JPY 2,450,000~~ →

JPY 2,300,000

Session recording support

Professional equipment and a recording venue will be provided, making it easy for you to produce your video for 30 minutes.

The speaker's face + material slides will be recorded at the same time. A title and theme can be included in one place on the upper right corner of the screen. Online recording is also available.

*Requires application at least 1.5 months prior to the event date

*Additional fees may be incurred depending on the content of the recording, such as when there are two or more speakers.

JPY 180,000

Telemarketing

After the event, we will make a predetermined number of calls to the acquired leads. Effective implementation can be expected to generate a high response rate and customer acquisition. Minimum number of calls: 50Duration: 3-4 weeks (for 250 calls)*Not more than 1,000 calls

JPY 75,000 or more

Add ABM data to generated leads

ABM data obtained by analyzing ITmedia's content browsing status, which allows you to infer each company's implementation consideration status, will be added to the delivery list. Visualizing corporate intent with ABM data enables efficient deal discovery from delivered leads.

※Due to data aggregation work, delivery will be delayed one business day from the usual date.

Details : go.itmedia.co.jp/l/291242/2022-10-19/2bvm1jn

JPY 200,000

Session brochures

We produce an original pamphlet based on your company's session and deliver the data for printing. The data can be used as sales materials for distribution at seminars and exhibitions. The content of the interview will also be published in the media as a tie-up article advertisement to gain recognition from readers.

Details : <http://go.itmedia.co.jp/l/291242/2023-12-15/2cycg7h>

JPY 1,200,000

CAUTIONS

① Cancellation fee

Please note that a cancellation fee will be charged if any of the following conditions apply

- after the order form has been exchanged
- after submission of registration form
- after the start of the office guidance

In such cases, cancellation fees will be as follows;

- up to 41 days prior to the event: 50%
- within 40 days of the event: 100%

② Consumption tax

Consumption tax is charged separately.

③ Distribution platforms

The venue configuration and delivery platform, including operational systems, are subject to change for certain reasons.

④ Risks associated with online seminar streaming

Live streaming always involves risks.

Please be aware of the risks below and the measures we have taken to prevent them.

● **Risk 1: Trouble with Internet connection and Internet service providers**

Both video and audio may drop out. We will immediately switch to streaming on a backup PC and backup line.

● **Risk 2: Failure in live streaming platform**

By storing a buffer during delivery, it reduces the phenomenon of video and audio interruptions due to the user environment.

The system is redundant so that backup delivery is always available as a countermeasure against failures, but in the unlikely event that the delivery platform fails, an

apology for the suspension of delivery will be sent to viewers via e-mail, and they will be guided to the on-demand version at a later date.

● **Risk 3: Power failure**

Both video and audio may drop out. We will announce an apology for the suspension of the streaming from the backup PC and will provide an on-demand version at a later date.

● **Risk 4: Equipment failure**

Both video and audio may drop out. We will immediately switch to streaming on a backup PC and backup line.

● **Risk 5: Failure on the viewing side**

A single (10% or less) viewing failure relative to the total number of views is likely to be caused by the viewer's environment, and will be handled individually in response to inquiries.

If similar symptoms are seen in units of 10 (reported on site), we will announce an apology for suspension of streaming and provide an on-demand version at a later date.
